What is a Manhole Card?

The Sewerage Public Relations Platform (GPK) has planned and supervised the creation of collectible manhole covers featuring local specialties and tourist attractions. Fukusaki Town's manhole covers have a very fun design featuring the town's mascots "Gajiro" and "Fuku-chan and Saki-chan," as well as the Bantan Line train, Nagusa Falls, and Fukusaki Town's specialty "mochimugi."
